AUDITORS REPORT

We, the undersigned, auditors of the town of Canterbury, N. H. have examined the accounts of the Selectmen, Town Clerk, Treasurer, Trustees of Trust Funds, Library Trustees and found them correct, and checked the amounts the different Tax Collectors have charged to the Treasurer.

We advise that the town books be balanced monthly.

We advise that the Road Agent make a report to the taxpayers each year showing work done and money paid therefor.

We advise that a method be devised by which the Road Agent can meet his pay roll without using either his own money or having it advanced by the town.

In accordance with the suggestion of the Tax Commission the Auditors addressed on Nov. 4th a letter to the Tax Collectors advising them that the auditors would meet them at a date to be determined upon for the purpose of cleaning up the back taxes, and acquainted the Selectmen with this action.

On Jan. 20, Jan. 29th was the date fixed by letter for the purpose aforesaid. The auditors only were present.

ROBERT FRAME,
C. O. THURSTON

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens:

During the year since the last report was written we have lost two teachers, one at the Uplands and the other at the Blanchard school. These vacancies have been filled by two graduates of the Dewey Training School, of Concord. One had taught before coming to us. Both are conducting their schools in a satisfactory manner.

With retardation reduced to less than 3% and with children seldom leaving school before completing the course, we have the largest eighth grade I have known. The number now in high schools, fifteen, has not been equaled since the year 1920.

Figures recently tabulated by the State Department of Education show the median cost in the state for public elementary education to be $84.00 per pupil, for the last school year. Canterbury's cost was $76.51 per pupil. In current cost of public education (both elementary and high school) per $1,000.00 of equalized valuation, Canterbury stood seventy-ninth from the lowest among the two hundred forty-four districts of the state. Of our cost, $8.14 per $1,000.00, the state paid $1.37, high school education cost .98, leaving the cost to the district for elementary education $5.79 per $1,000.00.

Last summer chemical toilets were put into the Center schoolhouse and a bank of new windows on the east side of the building. Also, new blackboards on the front wall, and new curtains. We now have two buildings with excellent toilets and much improved lighting. To perfect the lighting there should be more window area at the back of the room in both these buildings. This might well wait until the two other buildings have been brought up a little nearer to standard.

During the year a start has been made toward replacing textbooks in Arithmetic, Geography, History, Language and Hygiene with more recent and better books. This has been done gradually as older books are wearing out.

Respectfully,

GEORGE W. SUMNER.
